EXPERIENCE BEAUTY NATURALLY

milk_shake haircare and hair color products make the most of the benefits of nature, and offer dedicated solutions for all hair types. Natural ingredients, such as milk and yogurt proteins and fruit extracts, enhance hair's natural beauty. From cleansing to styling, each haircare step has been carefully devised to provide visible results in terms of both the appearance and health of hair.

Our products are created with an awareness of their environmental impact and a solid commitment to minimize such impacts. By reducing sulphates, parabens and sodium chloride in our formulas and opting for packaging and printed materials that can be recycled, we take action to make our products healthier for hair and the planet.

HAIRCARE & STYLING

milk_shake haircare and styling products are designed to make any hair concern a thing of the past. Step-by-step, **milk_shake** will take you on a deliciously scented, luxurious journey, resulting in vibrant, healthy-looking hair.

Milk protein has a nourishing and highly conditioning effect on hair's structure making it an integral ingredient in **milk_shake** products. The results include increased volume, elasticity, and damage repair, while maintaining and enhancing hair color. For a complete sensorial experience **milk_shake** products have also been given unique and irresistibly sweet fragrances.

HAIR COLOR

The many long-lasting shades found in the **milk_shake** color range are available in permanent, semi-permanent and direct color formulas. Each one guarantees high color stability, quality and pigment purity. Hair colored with **milk_shake** hair color is always soft, shiny and manageable, with gorgeous intense tones and highlights. **milk_shake** color also provides excellent grey coverage.

NATURAL BEAUTY WITHOUT COMPROMISE

We strive to use natural and organic ingredients without compromising the quality of the formulas or the results. Each active ingredient is selected for its nourishing and aesthetic effects that promote weightless hair with maximum vitality and shine.
