

Top Sellers in the Shisato Brand:

Shisato Orion

Why stylists love this shear: Ergonomic swivel handle design. Excellent cutting performance.

Shisato Regency, Regency S

Why stylists love this shear: Incredible quality in a slide cutting shear. Most slide cutting shears of this caliber are in the \$1,000 price range; these shears are affordable. They are high quality shears made in Japan from ATS-314 Japanese stainless steel. They glide effortlessly through the hair. These shears can also do blunt cutting.

Shisato Echo

Why stylists love this shear: For the stylist who needs an ergonomic handle but does not want a swivel. Wide spacing in the handle with extreme bent-down thumb. Excellent cutting performance.

Shisato Axis-Slim

Why stylists love this shear: For the stylist looking for an incredible, basic-cutting shear. Simple handle design and skinnier blades and tips for excellent point cutting.

Shisato Infinity

Why stylists love this shear: An excellent Japanese forged, Korean finished slim line shear for the price.

Shisato Prism Thinners

Why stylists love this shear: Quality Japanese forged, Korean finished thinners at a great price. Excellent cutting performance.

Top Sellers in the Mirage Brand:

Mirage Milano & Milano 30th

Why stylists love this shear: Very comfortable handle with a wider finger rest for comfort (similar to the Shisato Elan, but in a more affordable model). It also comes in a 6.5" size, which is becoming more and more popular. Smooth, high-quality cutting performance. NEW: Now available in a 30 double teeth thinner. Also can have the Dolce plate and Dolce dial put on it to make a companion thinner to the Dolce shear.

Mirage Dolce & Dolce 30th

Why stylists love this shear: Same exact design as the Milano with GORGEOUS rose gold finish, except on the blade so that it is a TRUE CONVEX edge.

Mirage Romance

Why stylists love this shear: This shear is for the stylist who is VERY girly and likes pretty things. It has EXTREMELY THIN blades for fine detail work. It is not intended for THICK hair or to take big cuts of hair. Stylists love the how light the shear is and how thin and pointy the tips are.

Mirage Orca Black Shear & Thinner

Why stylists love this shear: Very unique handle design and stylists can't put it down! Ergonomic swivel design with two and a half finger holes allows the stylists to have more control of the shear, therefore allowing her to transfer more power down to the end of the blade. The cut-out on the third finger hole enables the stylist to more easily remove her hand from her shears or flip them. Excellent cutting performance. Stylists LOVE black! And they love the double teeth thinner in a swivel – ergonomics and a

thinner that does not leave a line in the hair, you can't beat it!

Mirage B-15 – Double Teeth Texturizer

Why stylists love this shear: Double Teeth means that it has teeth on both blades, which means it doesn't leave a line in the hair. Saves time and energy. Let them cut on it with hair samples and they will understand instantly why this texturizer rocks.

Mirage B-30 – Double Teeth Thinner

Why stylists love this shear: Double Teeth means that it has teeth on both blades, which means it doesn't leave a line in the hair. Saves time and energy. Let them cut on it with hair samples and they will understand instantly why this thinner rocks.
